Microsoft Dynamics 365 Business Central App

## SharePointPlus

### Save documents from Business Central directly to SharePoint

Integrate your SharePoint into your Business Central (SAAS) environment. Metadata is automatically added from document information and dimensions. This document is then stored in your corporate SharePoint as a PDF.

#### Your benefits:

- SharePointPlus is available in the MS AppSource
- Store your receipts and documents directly in SharePoint
- Include different pages and libraries in your SharePoint
- Open your SharePoint documents directly in BusinessCentral
- Filter your documents automatically in Business Central
- Subdivide your data, e.g. into annual folders
- Integrate SharePoint into your ContractPlus App (AppSource) and show your ContractBox
- Free installation and configuration webinars
- Set up an audit-proof DMS with SharePoint
- Leverage your SharePoint license from your MS Office 365 subscription
