Microsoft Dynamics 365 Business Central App

SharePointPlus

Save documents from Business Central directly to SharePoint

Integrate your SharePoint into your Business Central (SAAS) environment. Metadata is automatically added from document information and dimensions. This document is then stored in your corporate SharePoint as a PDF.

Your benefits:

- SharePointPlus is available in MS AppSource - with support from Karlsruhe
- Store your receipts and documents directly in SharePoint
- Integrate different pages and libraries in your SharePoint
- Open your SharePoint documents directly in BusinessCentral
- Filtered view - only show the documents of the selected data record
- Upload your own documents via the integrated DropZone
- Transfer dimension values directly to SharePoint
- Integrated SharePoint browser and integration with ContractPlus (app)
- Set up an audit-proof DMS with SharePoint
- Use your SharePoint license from your MS Office 365 subscription
